2020 Florida Assessment Snapshot

As of 11/23/2020

85.8% — Overall Florida Score

65.5% — 56-State Average Score*

Legend: Florida | 56-State Average*
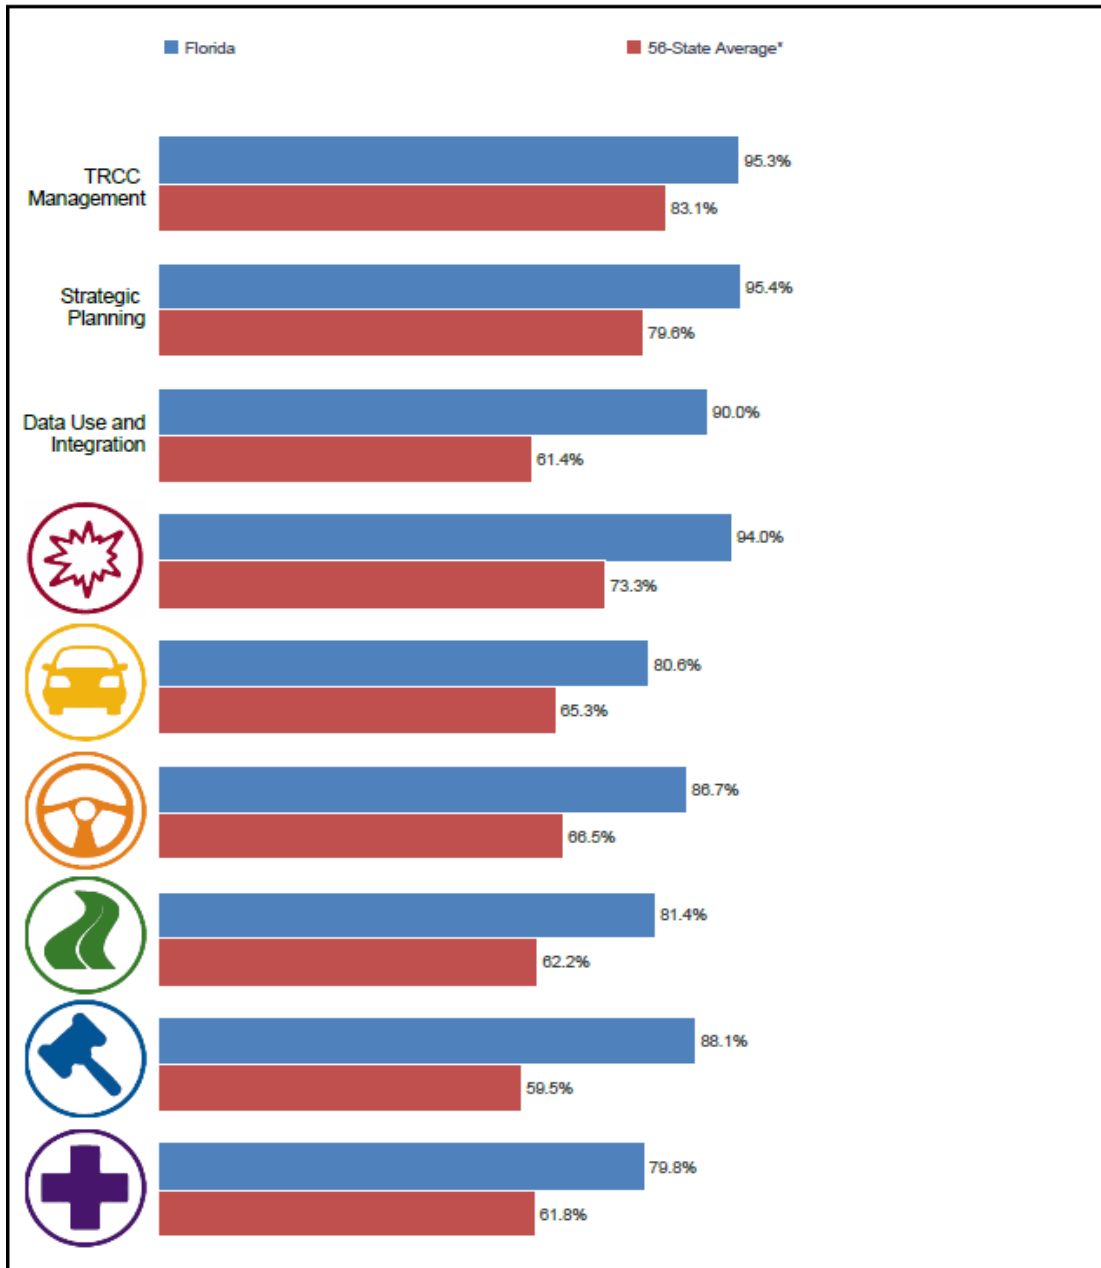

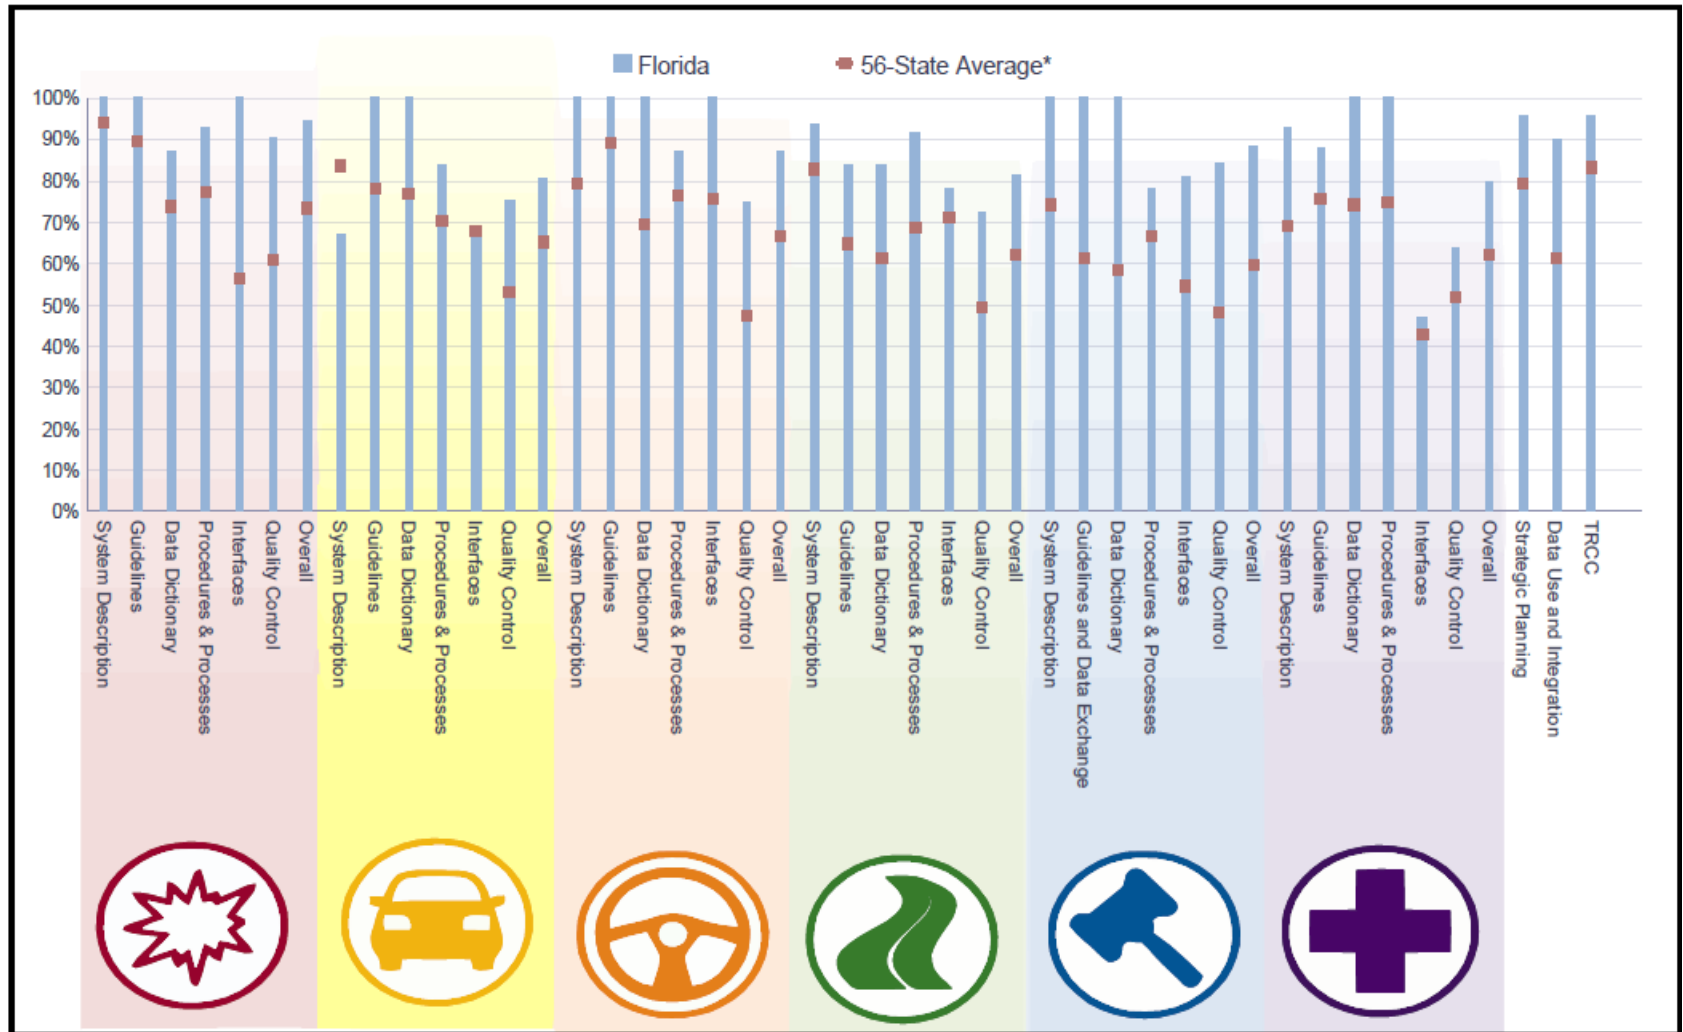

*Average score of States assessed using the Traffic Records Program Assessment Advisory DOT HS 811 644.

*n = 56, including Florida

Florida Strengths

- TRCC collaboration and continuity with IT support and involvement, and statewide data governance policies

- An excellent citation tracking system, and the planned addition of a DUI tracking system

- Statewide electronic crash collection and submission

- Planned combination of driver and vehicle data files

- Enterprise roadway system with single LRS and collection of multiple FDEs for all public roads

- Involvement of all aspects of a comprehensive injury surveillance system

TR Assessment Next Steps

TRCC Coordinator will update TRA Spreadsheet with Round 2 Data Collection submitted by Module Managers

State Application Requirement

State Response needed for all 90 questions rated Partially Meets and Does Not Meet

- TRCC Coordinator will draft responses based on TRA's Round 1 and 2 Data Collection

- <u>Future Meeting</u> to confirm State Responses with Data System Owners

TSIS Strategic Plan 2017-2021

Action Plan Updates:

- Due date March 22, 2021

TRCC Coordinator to update Section 4.0 Annual Implementation:

- Status Report on Current FY20 TR Projects

- 2 Achievements of Measurable Progress (Description of Quantitative Progress Report)

- Plans for FY21 Grant Funding for Section 405(c) and 402 projects (pending concept paper submission and Application Subcommittee Review).

Cloud Feasibility Study

Status

Extended Services under TRCC Support w/Cambridge Systematics

- Support development of RFP

Next Steps

University of South Florida (USF) Meeting to discuss:

- Scope of RFP

- USF RFP requirements

Agency Data System Updates
